ABOUT ME

I've been working in tech for 3+ years, both as a freelancer and as an employee. I mainly worked on mobile apps & websites but I've been doing videogame development as an hobby since I was 16.
I've gathered knowledge of many different frameworks and technologies since I started programming.
I'm looking for a work opportunity in the European zone, outside my home country of Italy.

EXPERIENCE

2018 - 2019

SWIFT SRL
MOBILE DEVELOPER

>> Planned, designed and programmed iOS and Android apps (ObjC / Swift & Kotlin / Java).
>> Worked on frontend development with WordPress & Backend development in Django.
